Wellness Program

We've Missed Your Child at School!

Date _____

Dear _____ [name of parent/guardian]:

Asthma causes kids to miss school. We want to keep San Diego's children **healthy, in school and ready to learn.**

Why Are We Writing You?

We're worried because _____ has missed about _____ days since ____/____/____. We think these absences may be due to asthma or other preventable illnesses.

We Want to Help

We urge you to call your child's doctor directly, or we can help you set up a doctor's appointment. Your doctor can help you manage your child's asthma.

We have also written to _____ [name of doctor], asking for help because of your earlier permission to contact the doctor, if needed.

Let's Talk Further

I will call you in about a week to follow up. Please feel free to call me, though, if you have questions, concerns, or other information for me. My number is written below.

Please also let me know if your child doesn't have a regular health care provider or health insurance. Your child may be eligible for health insurance coverage at little or no cost.

Thank you very much for your time.

Sincerely,

School Nurse
